

# 2 Wheels 4 Toys

## December 6<sup>th</sup>

Motorcyclists and bicyclists coming together to help local families. 6,000 kids prescreened by the Salvation Army need toys this Christmas. The Salvation Army needs help from folks like us. In these trying economic times the Salvation Army is having more demands placed on them to help families. Help us free up some of their resources by participating in the 1<sup>st</sup> Annual 2 Wheels 4 Toys Run.

Here's how this toy ride is going to work:

Bicycles will leave Camel Back Park @ 9:30 am Sharp. This ride will be led out by Mike Cooley from George's Cycles and Fitness, along with Andrea Patterson from Rock N'Roll Lubrication and a former George's employee.

Motorcycles will leave Cruisin' Biker Wear @ 10:00 am Sharp. This ride will be led out by Jim Adams from Cruisin' Biker Wear and Mark Patterson from Rock N'Roll Lubrication.

Both groups will roll into the US Bank Plaza parking garage, Capital and Main Street, at 10:30. The Salvation Army will have their people there to receive the toys. Cash donations more than welcome.

# BRING A TOY & RIDE

Anyone unable to saddle up is more than welcome to meet at either location and drive your car down to deliver your toy. We only ask that you find parking on the street because we don't know how large the turn out will be.

This is the first annual and will be held the first Saturday of December every year. Yes, we wear different clothes and some of our rides don't have motors. But on the road we face the same challenges with careless drivers who endanger all of us on 2 wheels.
